Shajapur M.P.

TECHNICAL SKILLS

C++, HTML5, CSS3, Javascript , React, Tailwind, Bootstrap, OOPs, Drupal, Php

EXPERIENCE

Mponline Ltd. 🔗

10 2025

Graduate Engineer Trainee

- I am currently working as a Web Development Intern at MPOOnline Limited, where I am contributing to an ERP-based project using Drupal and PHP. My work involves configuring modules, creating content structures, managing database integration, and enhancing user experience within Drupal. I am gaining hands-on experience with tools like Git, Docker, Composer, and Drush while collaborating with the development team to implement real-world government service solutions.

PROJECTS

ERP System for Government Services | Drupal, PHP, MySQL, Docker, Git, Composer, Drush **10 2025**

- Worked on ERP development for government services by customizing Drupal modules, content structure, user roles, and multilingual features with secure backend management. Collaborated with the team using Docker, Git, and database integration to enhance UI/UX and ensure smooth testing and deployment.

Quiz Web application | HTML CSS JavaScript

5 2025

- Developed a dynamic Quiz Web Application with user authentication, real-time scoring, and a responsive UI. Implemented question randomization and performance tracking for enhanced user engagement.

MPOonline AI Club Platform | React (Vite), Node.js, Express, and MySQL

10 2024

- Built a full-stack AI collaboration platform using React (Vite), Node.js, Express, and MySQL to manage teams, internal communication, project workspaces, news, events, and knowledge sharing. Implemented role-based access control (SuperAdmin/Admin/Member), Kanban-based project tracking, AI Smart Directory search, team/channel management, and structured internal communication system.

EXTRACURRICULAR

Contributions

- Chosen as a Volunteer Head of the IT Committee, contributing to event planning and coordination
- Participated in Nodal Level Kabaddi conducted by RGPV
- Participated in college level coding contest
